APX1550

CHEMICAL FREE CLEANING

Time. Money. Performance.

Clear Advantages

Efficient cleaning

Steam clean and vacuum with one machine

Low operating costs

No chemicals, cleaning agents or additional tools required

60% faster

Clean all surfaces with just one unit

93% less water

Use much less when compared to conventional cleaning methods

Consistent cleaning power

Clean, hot, dry steam powers through the toughest soils

HACCP-Certified devices

The solution for professional cleaning in an HACCP environment

Sanitation

Proven germ reduction by up to 99.9%

Multiple Benefits

Use the Apex line of equipment to increase efficiency in your facility. Their innovative design, steam generation and (some with) vacuum technology combine to provide a powerful cleaning tool that is unmatched in performance when compared to anything else on the market.

These machines are truly in a class of their own.

Provide your staff with the tools to improve efficiency and cleaning ability.

Green Cleaning Naturally

Our multi-functional steam cleaners use only tap water. This means users not only save on the cost of cleaning agents, but also protect the environment by eliminating the use of chemicals.

Water consumption is reduced by around 93 % compared to conventional cleaning with buckets and cloths. This is:

The Evolution of Clean

For Your Entire Facility

- **Guest Rooms**
Deep detail clean your guest rooms
- **Furniture**
Remove spots, stains and odor from upholstery.
- **Walls & Ceilings**
Dry Steam can effectively remove mold, mildew, and nicotine from painted walls, doors, trim and ceilings
- **Tile & Grout**
Clean your tile and grout in an environmentally friendly way
- **Air Conditioning**
Clean vents and coils with dry steam.
Your units will be fresher, cleaner, and run more efficiently
- **Ice Machines**
Remove mold and mildew build up, clean and sanitize the interior
- **Bedding**
Sanitize bedding, pillows, and mattresses. Freshen drapes and curtains, remove wrinkles and smoke odors from fabric.
- **Floors & Carpet**
Speed mop your marble, tile, linoleum, and hardwood floors. Dries within minutes. Remove gum, stains, grease, and more.
- **Restrooms**
Sanitize tile and grout, bathroom dividers, sinks, fixtures and toilets. Removes odors, soap scum, and mold and mildew
- **Elevators, Escalators & Thresholds**
Clean elevator platforms, tracks, interior panels, and flooring
- **Breakfast/Dining Area**
Clean and sanitize food surfaces, counters, cabinets, table tops, and chairs
- **Fitness Center**
Clean and sanitize exercise equipment, matting, lockers, and bathrooms

**HACCP Qualification:
Certified Cleaning Power**
